

Have you been impacted by Sexual Violence, Abuse, or Harassment?

Your insight will help to make it easier for victims/survivors of sexual violence to get the help they need. Participants should be based in Nemaha, Johnson, Pawnee, Otoe or Richardson counties.

PARTICIPATE IN OUR FOCUS GROUP

Many victims/survivors do not seek out help after an unwanted sexual experience. This focus group seeks to understand why people might not seek out help and how to make it easier.

You'll be asked to participate in a group discussion about the decision to either seek out help or not seek out help after an unwanted sexual experience.

Discussion will focus on why you chose to seek help or not. It won't focus on the unwanted experience.

A trained moderator will help guide discussion and all responses will be kept anonymous.

Sexual violence is not always rape or sexual assault. Sexual violence can be any sexual experience which is unwanted or carried out without your consent. This can include unwanted groping and kissing as well as sexual harassment.

This project is being conducted by the Nebraska Coalition to End Sexual and Domestic Violence and HTI Labs
